### **PURPOSE**

Fairview Golf Club, Incorporated is a non-profit organization formed to encourage, sponsor, and promote participation of youth in golfing activities and training programs. Our strategy is to use golf and its rules of self-governance to enhance the overall quality of life for youth.

We support the advancement of education by way of annual scholarships and to community organizations by way of contributions and services. We also aid the community through the donations of goods and services to the underprivileged.

Our basic purpose is to reach out to youth who might not otherwise have an opportunity to learn the game of golf and participate in organized golf related activities.

### **MISSION STATEMENT**

Fairview Golf Club host golf outings, social events and engages in fundraising activities, which provide financial assistance and scholarship to youth throughout the area. Fairview partners with other community based organizations and businesses to share with youth the benefits of positive decision-making and serves as a mentor group for youth to assist with overcoming the influence of negative peer pressure by encouraging practical choices and instilling good work ethics.
